

Transforming Lives:

Celebrating ICPD's Impact on Choice and Autonomy

APRIL 30, 1:15-2:45 P.M.

VENUE: UN HEADQUARTERS, CR-11

Please join us for a side-event of the 57th Session of the Commission on Population and Development. The side event seeks to create a space for civil society organizations (CSOs) to reflect on the ICPD agenda, evaluate the progress and gaps in the implementation of the Programme of Action, and demonstrate its continued relevance for the realization of sexual and reproductive rights, gender equality, human rights and development agendas. It further aims to bring together CSOs, Member States, UN agencies, and other stakeholders to assess practical strategies to ensure the protection and implementation of SRHR commitments in the Programme of Action in a context of pushback against both SRHR and the ICPD framework.

Interpretation in English, French, Spanish and Arabic will be provided for in-person attendants. Event will be broadcasted on UNWebTV, <https://webtv.un.org/en/asset/k1fk1fg6e25cm>.
